SYSTEM & ATE SOLUTIONS

www.vtiinstruments.com

Precision Modular Instrumentation • Signal switching, measurement and stimulus • Precision data acquisition and integrated signal conditioning • Custom microwave/optical switching and interface units • LXI Class A, VXI and VME platforms.

www.macpanel.com

Mass Interconnect, wiring harnesses & fixturing for commercial & military test applications • Receivers, ITA's, Connector Modules, & Cable Assemblies.

www.spectracomcorp.com

GPS/SAASM receivers • NTP Time Servers (IPV6/IPSEC) • High Performance GPS disciplined Rb oscillators • Distribution Amplifiers • Time Displays • Multi-format Bus Level Time Code Products (VME, PCI, cPCI)

Telemetry – West

www.l-3com.com/tw/

Space-borne RF subsystems for STDN, SGLS, USB & other S band applications • Space-borne high data rate X-band transmitters

Telemetry – East

www.l-3com.com/te/

NetDas Airborne data acquisition system • PCM Encoding systems • Airborne & ground based encryption & decryption • High performance Microdyne receivers

www.in-phasetech.com

Automated Test Hardware/Software & Fixture Design • System Integration • Build to Print • System Support & Maintenance • TPS development

www.oewaves.com

Ultra-high performance advanced opto-electronic oscillator (OEO) • modularized fixed frequency OEO & frequency agile OEO • Fully automated ultra-low phase noise measurement system.

www.noisext.com

Dual Core Noise Test System - Cross Correlation Phase & Amplitude Noise Analyzer • PN9000 - NIST Traceable Phase Noise Analyzer • PN9002 - Phase & Amplitude Measurements of Pulsed Radar Signals

RF, MICROWAVE & WIRELESS

www.aeroflex.com

Ultra Fast Switching Phase Coherent Synthesizers • Phase Noise Test Systems • Broadband Generators & Analyzers • Broadband Channel Simulators • Synthetic Instruments • Avionics Test Systems • Spectrum Analyzers • Low Noise Signal Generators • PXI modules • Digital/Vector Signal Generators & Analyzers

www.gigatronics.com

Fast Switching Synthesizers to 50GHz • USB, CW & Peak Power Meters • High Power Amplifiers to 50GHz • Scalar Network Analyzers

Phase Matrix, Inc.™

www.phasematrix.com

CW/Pulse, Microwave & Millimeter-wave Counters, 10 Hz to 110 GHz. VXI Microwave Synthesizers • Pulse Generators • Downconverters & Power Amplifiers.

www.eastern-optx.com

High Performance Microwave Delay Lines • Delays to 1,000 microseconds • RF from 3 GHz to 18 GHz • RADAR target simulators & repeaters • Altimeter Test Sets

www.holzworth.com

Ultra Low Phase Noise, Multi-channel RF Synthesizers • Phase Noise Test Systems & Components

www.focus-microwaves.com

Computer Controlled Microwave Tuners from 0.1 to 65 GHz, 26.5 to 110 GHz in Waveguide • DC, Pulsed IV, S-Parameters, TRL Calibrations • Noise Parameters, Load Pull - Nonlinear/Harmonic

www.hittite.com

Low cost (0.7 - 20.0 GHz) Synthesized Signal Generator for test applications.

www.ventistech.com

Directional Ultrawideband Antennas • Omnidirectional Ultrawideband Antennas • Ultrawideband Direction-Finding Arrays • Custom antenna and system designs •

RF/MICROWAVE COMPONENTS

www.empowerrf.com

Broadband/solid-state, high power RF amplifier systems & modules up to 2500W & 18GHz • Single & Multi-Channel PCS amps for Paging, GSM, Cellular, DCS, PCS, iDEN, WiMAX, IMT-2000 & WLL frequency ranges

www.tru-con.com

Custom RF & Microwave Cable Assemblies • High Power/High Voltage Precision Test Adapters • Quick Disconnects

www.megaphase.com

Phase & Amplitude Stable T&M cables to 70 GHz • Lab & production test, field test and precision test adapters • MegaPhase® VNA test port extension cables & EM Series® Low Loss Armored test cables for EMC labs.

www.ciaowireless.com

RF & Microwave Amplifiers 30 kHz to 30 GHz • Space Qualified & Hi-Rel Filters, Multiplexers, Hybrids, Couplers up to 65 GHz • Radial Power Dividers & Combiners up to Ka-Band

www.xmacorp.com

DC-50.0 GHz Attenuators, Caps, Shorts, Opens, Couplers, DC Blocks, Diplexers, Terminations, Combiners/Dividers, Precision Adapters & Customized solutions. Power levels to 500 Watts

www.microwavetown.com

Waveguide Components • Adapters, Attenuators, Bends, Couplers, Loads, Straights, Tees, Twists • Antennas - Horn, WB Dual-ridge Horn & Cassegrain

www.shadowmicrotek.com

Space Qualified Components & Packaging • Low Phase Noise Hybrid VCO's & Amplifiers • Pin Diode Switches • Power Dividers & Combiners

EMBEDDED SOLUTIONS

www.mil-1553.com

MIL-STD-1553A/B, ARINC429, AFDX Avionics data bus development & test equipment on VXI, VME, PCI, cPCI and PMC platforms. Rugged ATR Systems solutions

www.pcisystems.com

VPX Ruggedized Products • 3U Conduction Cooled Rugged Enclosure • cPCI and cPCIe components, Adapters, Carriers, Test Extenders & Systems • Ruggedized conduction cooled carriers & racks utilizing cPCI & cPCIe

www.novaintegration.com

COTS/Rugged chassis' & rugged printers. Conduction, convection & liquid cooled ATR chassis (VME, cPCI, VITA-xx). Rugged monochrome, laser, color laser & impact printers.

POWER SOLUTIONS

www.kepcopower.com

Instrumentation & Modular Power Supplies • Hot Swap/Pluggable, Programmable DC Power Supplies • Custom Power Assemblies • Bi-Polar & Linear Power Supplies • VXI, Plug & Play & SCPI protocols supported.

www.lambda-hp.com

Programmable DC power supplies from 750W to 90kW in full, half and quarter rack packages for laboratory, ATE, R&D, production and bulk power applications.

www.adaptivepower.com

AC Power Sources • 500VA - 40kVA, 1 Phase Output • 3kVA - 90kVA, 3 Phase Output
