SYSTEM & ATE SOLUTIONS

www.vtiinstruments.com

Precision Modular Instrumentation • Signal switching, measurement and stimulus • Precision data acquisition and integrated signal conditioning • Custom microwave/optical switching and interface units • LXI Class A, VXI and VME platforms.

www.macpanel.com

Mass Interconnect, wiring harnesses & fixturing for commercial & military test applications • Receivers, ITA's, Connector Modules, & Cable Assemblies.

www.spectracomcorp.com

GPS/SAASM receivers • NTP Time Servers (IPV6/IPSEC) • High Performance GPS disciplined Rb oscillators • Distribution Amplifiers • Time Displays • Multi-format Bus Level Time Code Products (VME, PCI, cPCI)

www.excaliburengineering.com

Test Equipment Sales, Rental and Leasing. Used and Pre-Owned Test Equipment Sales and Trade-Ins. Calibration and Repair, ISO 9002/ISO 17025 Certified.

www.ztecinstruments.com

Vector Signal Analyzer/Generator • Digital Oscilloscopes • Arbitrary & Function Waveform Generators • RF Test Equipment • Probes/Accessories • Integrated Software • PXI, PCI, VXI & LXI Platforms

RF, MICROWAVE & WIRELESS

www.aeroflex.com

Ultra Fast Switching Phase Coherent Synthesizers • Broadband Generators, Analyzers, Channel Simulators • Synthetic Instruments • Avionics Test Systems • Spectrum Analyzers • Low Noise Signal Generators • PXI modules • Digital/Vector Signal Generators & Analyzers

www.gigatronics.com

Fast Switching Synthesizers to 50GHz • USB, CW & Peak Power Meters • High Power Amplifiers to 50GHz • Scalar Network Analyzers

Phase Matrix, Inc.™

www.phasematrix.com

CW/Pulse, Microwave & MM-wave Counters • VXI and modular Microwave Synthesizers and Downconverters

www.holzworth.com

Ultra Low Phase Noise, Multi-channel RF Synthesizers • Phase Noise Test Systems & Components

www.focus-microwaves.com

Computer Controlled Microwave Tuners from 0.1 to 110 GHz • DC, Pulsed IV, S-Parameters, TRL Calibrations • Noise Parameters, Load Pull - Nonlinear/Harmonic

www.ventistech.com

Directional Ultra wideband Antennas • Omni directional Ultra wideband Antennas • Ultra wideband Direction-Finding Arrays • Custom antenna and system designs

RF/MICROWAVE COMPONENTS

www.empowerrf.com

Broadband/solid-state, high power RF amplifier systems & modules up to 2500W & 8GHz • Single & Multi-Channel PCS amps for Paging, GSM, Cellular, DCS, PCS, iDEN, WiMAX, IMT-2000 & WLL frequency ranges

www.ciaowireless.com

RF & Microwave Amplifiers 30 kHz to 30 GHz • Space Qualified & Hi-Rel Filters, Multiplexers, Hybrids, Couplers up to 65 GHz • Radial Power Dividers & Combiners up to Ka-Band

www.shadowt.com

Custom RF & Microwave Cable Assemblies • Precision Test Adapters to 40GHz.

POWER SOLUTIONS

www.kepcopower.com

Instrumentation & Modular Power Supplies • Hot Swap/Pluggable, Programmable DC Power Supplies • Custom Power Assemblies • Bi-Polar & Linear Power Supplies • VXI, Plug & Play & SCPI protocols supported.

www.nhresearch.com

www.electronicloads.com

Programmable AC & DC electronic loads • Modular multi-channel DC power supplies / DC load banks • Ruggedized modular DC loads • Regenerative DC load/source • LED Drive Load

www.adaptivepower.com

AC Power Sources • 500VA - 40kVA/Single Phase Output • 3kVA - 90kVA, 3-Phase Output

EMBEDDED SOLUTIONS

www.mil-1553.com

MIL-STD-1553A/B, ARINC429, AFDX • Avionics data bus development & test equipment on VXI, VME, PCI, cPCI and PMC platforms. Rugged ATR Systems solutions

www.pcisystems.com

VPX Ruggedized Products • 3U Conduction Cooled Rugged Enclosure • cPCI and cPCIe components, Adapters, Carriers, Test Extenders & Systems • Ruggedized conduction cooled carriers & racks utilizing cPCI & cPCIe

www.novaintegration.com

COTS/Rugged chassis' & rugged printers. Conduction, convection & liquid cooled ATR chassis (VME, cPCI, VITA-xx). Rugged monochrome, laser, color laser & impact printers.

www.themis.com

VME/VPX/cPCI Intel Core 2 Duo/Quad Core Xeon SBCs • VME & VPX UltraSPARC BLCs • Rugged Enterprise Servers & Storage • Themis CoolShell Scalable Blade Servers • ATR/VME/VXI/VPX products for mission & payload applications

DESIGN AND INTEGRATION SERVICES

GTEK works with several local and regional companies to provide solutions for all your system integration;

- Product Design, Custom Hardware & Software
- Custom Functional ATE & Turnkey Solutions
- Fixtures, Cabling and Handlers
- TPS development & Application Programming
- Build to Print Services
- RF/Microwave, Wireless, Optical, Robotics, and other electro-mechanical requirements.
